### Precise Thick-N INSTANT

is the World's Leading Thickening Solution.

This innovative liquid thickener concentrate is used to thicken beverages and food for patients / residents with dysphagia.

This innovative product provides many benefits including convenience, accuracy, ease of dispersion, and is lump free providing peace of mind. It is a cost effective solution.

Precise Thick-N INSTANT is as easy as 1, 2 or 3 pumps, it thickens within 30 seconds and is stable for a minimum of 48 hours.

Precise Thick-N INSTANT thickens a wide range of beverages including hot and cold liquids, alcoholic beverages and carbonated beverages. Precise Thick-N INSTANT has the ability to thicken the most commonly used supplements and laxatives used in the hospital / aged care setting.

Free Online Training is available on the use of Precise Thick-N INSTANT **Single Serve** and **Bulk Serve**.

On successful completion of training, each trainee is provided with a Certificate of Competency.

**Thickens Instantly – no lumps – no air**

For more information or to register, visit our website at [www.precisethickn.com.au](http://www.precisethickn.com.au)

#### ADVANTAGES:

- Hygienic seal on every pump nozzle.
- Simple to use. Aggressive agitation is not necessary just use a spoon. As it is a liquid it is easily dispersed – no mess, no lumps and no air bubbles.
- Precision control over consistency. The pump doses the exact quantity needed.
- No waiting. Precise Thick-N INSTANT develops viscosity instantly.

#### DIRECTIONS:

1. Measure the correct amount of liquid to be thickened.
2. Add the required number of pumps for the level of thickness you require. Ensure the pump returns naturally and fully to the top of its stroke after each pump. (Look for the line)
3. Stir gently with a spoon for 30 seconds to mix in the concentrate, then serve.

#### BENEFITS:

- Stress free preparation.
- Cost effective – Precise Thick-N INSTANT gives you the confidence and control of pre-thickened drinks at a price that is competitive with the leading powdered thickeners on the market.
- No more powdery mess.
- Available in Single Serve for making individual cups on drinks rounds and Bulk Preparation for making larger quantities in the kitchen.
- Thickens a wide range of food, beverages and supplements.
- Gluten Free
- Lactose Free
- Freeze/Thaw Stable

<b>1 PUMP</b>	<b>MILDLY THICK</b> Level 150, or nectar consistency, or ¼ thick
